EDUCATION

Master of Science in Integrated Design and Media

September 2025 - May 2027

New York University | GPA: 3.9/4.0

Bachelor of Media Production and Design

September 2020 - June 2025

Carleton University | GPA: 10/12 (A-)

WORK EXPERIENCE

Research Assistant

October 2024 - June 2025

Carleton University, Ottawa, Ontario

- Developed a virtual exhibition that enabled users to experience an art exhibition online.
- Created 3D models for the exhibition and designed the user interface and interactive elements.

Web Communications Advisor

September 2023 - December 2023

Carleton University, Ottawa, Ontario

- Created multimedia content for training materials and the organization's website, integrating text, images, and video.
- Built website configurations to provide new Carleton websites for clients.
- Produced instructional videos to support and enrich the Carleton community's learning experience.

UI/UX Designer

June 2023 - August 2023

IESLab, Shanghai, China

- Developed training content and promotional materials using video, imagery, and text.
- Improved the user experience by redesigning existing website content.
- Constructed an accurate 3D model of a smart factory project, enabling clients to explore a digital twin of the factory online.

Electronic Media Assistant

January 2023 - May 2023

Carleton University, Ottawa, Ontario

- Redesigned and developed content for Carleton University's Academic Advising Centre website to improve visual quality and usability.
- Created and uploaded website media, including videos, images, and infographics.
- Produced resources, how-to guides, and digital content to improve processes and support office operations.
